MSCB-365

DECRYPT COMPLIANCE

CERTIFICATE OF REGISTRATION

CERTIFICATE NUMBER: 315411.001

INFORMATION SECURITY MANAGEMENT SYSTEM - ISO/IEC 27001:2022

The Certification Body of Decrypt Compliance PC hereby certifies that the following organization operates an Information Security Management System that conforms to the requirements of ISO/IEC 27001:2022

Oncord

270 Adelaide Street Brisbane, 4000 Australia

for the following scope of registration

The scope of the ISO/IEC 27001:2022 certification covers the information security management system (ISMS) supporting the information assets, business operations and physical location of Oncord and in accordance with the Statement of Applicability, version 2, dated April 13, 2026. The scope of the ISMS includes:

Design, development, and operation of all applications, data, and infrastructure utilized by Oncord in successful delivery of its software solution to its customers and stakeholders. This includes information assets located at our primary location in Australia. Departments included within the ISMS are Product & Engineering, Cloud Operations, Sales & Marketing, Customer Support, Human Resources, Finance, and Legal & Compliance.

Which includes in-scope location(s) per page 2 of 2
